## Great start!

What a great start to Term 3 we have had. We have been busy celebrating 100 days of school, helping to tidy our school yard with our working bee and completing activities involving the Olympics, including celebrating with green and gold day. It was great to see the children dressed up in their green and gold Aussie colours in support of our Olympians.

Huge thank you to all the families that took time out of their busy schedules to help participate in our working bee for our school yard. Any small bit helps!

With this inclement weather, it does impact on our yard by leaving lots of puddles and some very muddy areas, especially on the oval. Although we have certain areas to play in at times, some children still slip in muddy areas. We have a small supply of spare clothes at school but unfortunately not a lot of spare pants. It is a great idea to pack a spare pair of clothes for wet days to ensure your child has clean clothes to change into if an accident happens.

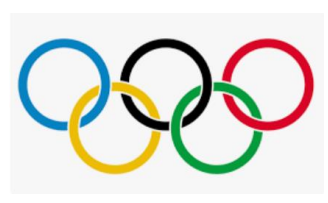

A reminder that our new school beanies can still be purchased if children are wanting one, please note that they are not a compulsory part of uniform, they are optional if children are wanting to keep a little warmer in this cold weather. They can be purchased for \$25 each either with cash or using the school banking details.

Important Dates	
Friday 9 <sup>th</sup> August	Casual clothes day can drive for the homeless
Monday 12 <sup>th</sup> August	Wildlife exposure incursion
Monday 12 <sup>th</sup> -16 <sup>th</sup> August	Science Week
Tuesday 20 <sup>th</sup> August	Sovereign Hill excursion for Book Week.
Friday 23 <sup>rd</sup> August	Book Week Dress up day.
28 <sup>th</sup> – 30 <sup>th</sup> August	Log Cabin Camp

### **10 cent Bottles and Cans**

We would like to let families know that we are still collecting 10 cent bottles and cans to save for indoor games that can be purchased for us to play on wet day timetables or during class mindfulness. Thank you to families that have donated so far as it has allowed us to purchase inside shoe racks. If any families would like to donate any to us, we have a collection tub on the porch area.

### **School Beanies**

Our school beanies have arrived and are now for sale for \$25 each. You can pay by direct deposit (details can be found on the school newsletters) or see Daniel or Jackie to pay cash.

### **Casual Clothes Day for the Homelessness**

Our school is currently collecting nonperishable can food items for donation for the homeless. These items can be bought in and dropped in our box located in the office foyer. For our Homelessness fundraiser we will also be holding a casual clothes dress day on Friday 9<sup>th</sup> August, we encourage all students to wear casual clothes on this day and bring in a gold coin donation or nonperishable item to donate towards this cause.

### **Science week**

Science week will be held 12<sup>th</sup>-16<sup>th</sup> of August. During this week the children will be able to participate in a range of science activities and experiments. We look forward to hosting the students of Cape Clear on one of these days.

### Sovereign Hill excursion

Our students will attend Sovereign Hill as part of book week on Tuesday 20<sup>th</sup> August with Mrs Munson. We look forward to having a lovely day and experiencing everything that Sovereign Hill has to offer.

### Book Week

Book week is held 19<sup>th</sup>-23<sup>rd</sup> August, the children will participate in a range of activities that correspond with this week and in celebration of Book Week we ask children to dress up as their favourite book character on Friday 23<sup>rd</sup> August. We hope to see many creative dress ups as part of our celebrations!

## Maths Game of the Week

### **5 in a Row –**

This is a simple game that can be played in pairs. This supports number fluency and incorporates all operations. To play each player requires a 5X5 number board with their own numbers filled in (preferably numbers 1-50). More confident students can fill in the game board with numbers 1-100). Players require a deck of cards with the picture cards taken out (Cards 1-10). Place the deck in the middle of the table. The first player draws two cards E.g. 8 and 4. The player can add the cards, subtract the cards, multiply or divide the cards depending on what number they have on their game board. The game continues until someone makes five in a row vertically, horizontally or diagonally. If a player is unable to make a number, they can pass and gain an additional card on the next turn. E.g.  $3 + 2 \times 5 = 25$ .
